Mama bird Abby laid 3 eggs.

She waited and waited.

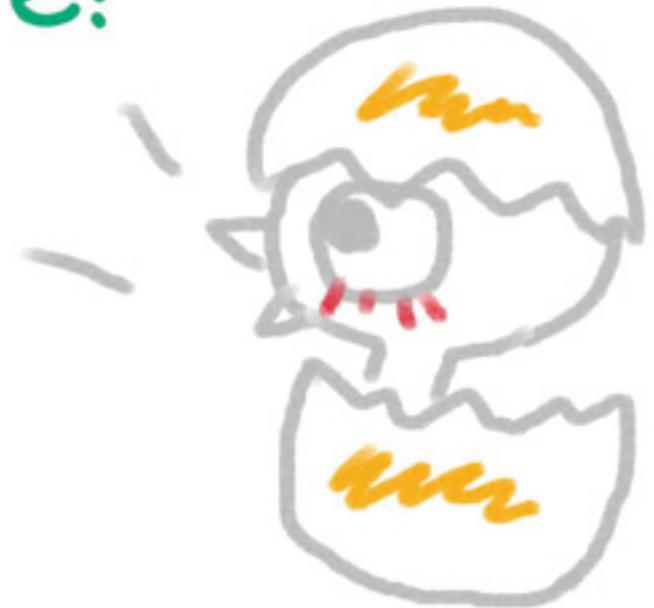

Soon, the eggs hatched!

Look at the three baby birds!

How cute they were!

The baby birds were new to the world.

They were hungry all the time.

They tweeted and chirped.

Abby became very busy.

Her baby birds wanted food.

They were always hungry.

Abby looked for food everywhere,
rain or shine. Her baby birds were
waiting for her.

The baby birds tweeted and chirped.
They grew bigger and bigger. They
wanted more food.

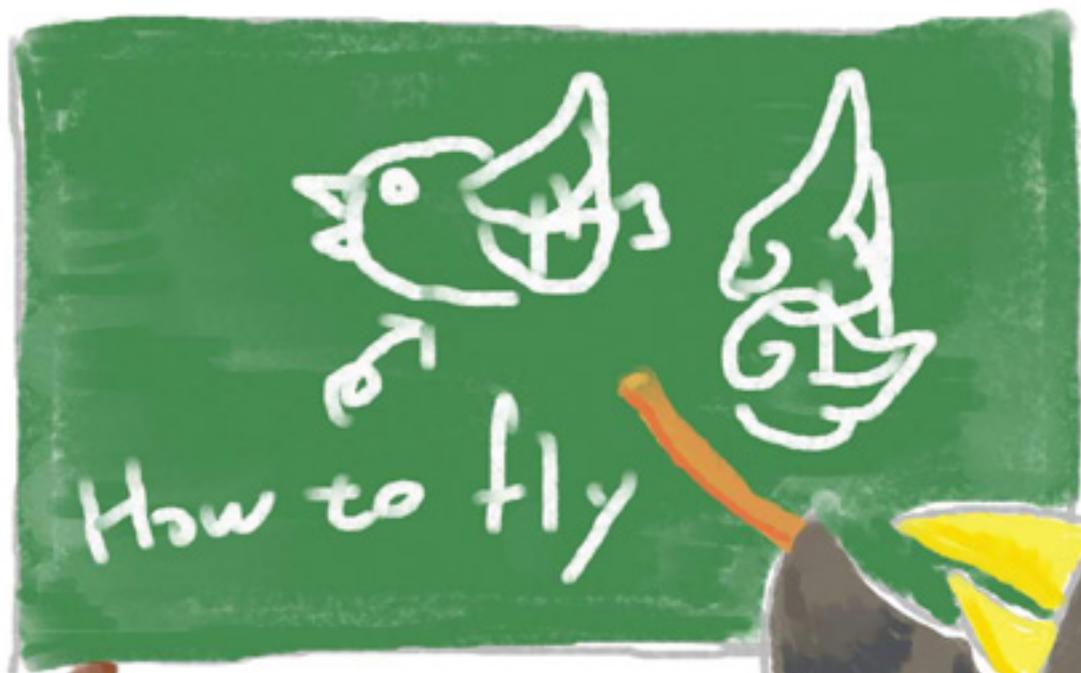

The baby birds were very big now.

They learned how to fly and how to
hunt for food.

Abby was getting old. She was tired and sleepy. She wanted to take a rest.

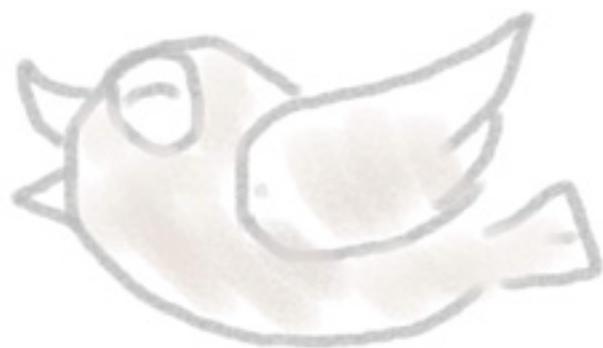

In the morning, the three birds
were gone! Abby was very worried.
She looked everywhere for her
babies.

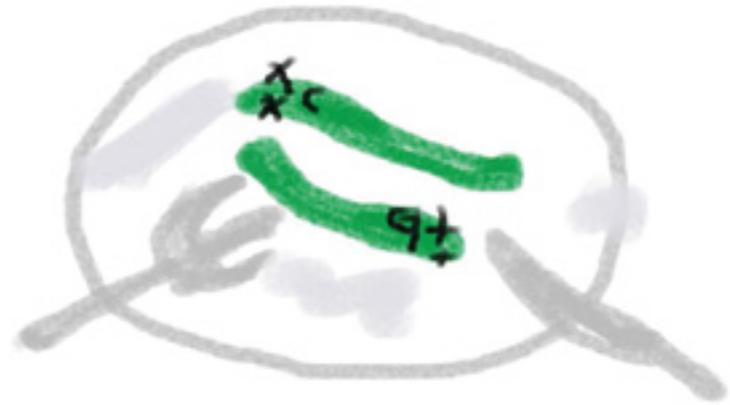

Then they all flew back to Mama
bird Abby. Abby had three big
birds now.

Each of them found great food
for their Mama. Mama bird
Abby was surprised.

The four birds live happily
together now. The "baby birds"
all say, "Mommy, we love you!"
